

# KAUSTUBH SURAJ BHARTI

Computer Science Engineering Student | Communicator | Community Builder

Phone: +91 85529 84543    Email: kaustubhbharti2009@gmail.com    Location: Nagpur, Maharashtra - 440013  
Profiles: LinkedIn | GitHub

## PROFILE

Enthusiastic first-year Computer Science Engineering student with strong communication skills in both English and Hindi. Genuinely curious about exploring different fields, and enjoys meeting and talking to new people. Looking to bring initiative, consistency, and a people-first approach to a team building from the ground up.

## EDUCATION

Bachelor of Technology — Computer Science Engineering      2026 – Present  
Ramdeo Baba University • 1st Year

## PROJECTS & TECHNICAL WORK

### Custom Operating Systems & Open Source

- Built and customized operating systems such as Lineage OS and contributed to open-source OS projects.
- Worked directly with OS level configurations and customization workflows.

### Personal Portfolio Website

- Designed and deployed a responsive personal portfolio website to showcase skills and projects.
- Implemented clean UI practices and managed continuous deployment via GitHub Pages.

### Mini Programming Projects

- Built foundational C programs to solve computational logic and problem-solving challenges.
- Applied core programming concepts including loops, functions, arrays, and algorithms.

## EXPERIENCE & LEADERSHIP

- Networking & Communication:** Comfortable starting conversations, building rapport quickly, and collaborating across teams.
- Campus & Technical Engagement:** Actively involved in technical communities, campus events, and student leadership.
- RSS Camp Leader:** Served as a leader in RSS camps, guiding participants and coordinating group activities.

## TECHNICAL SKILLS

### Languages

C, Python (Beginner), JavaScript (Beginner)

### Web Technologies

HTML, CSS

### Tools & Platforms

Git, GitHub, VS Code

### Learning

Data Structures & Algorithms (DSA), AI, Data Analytics

## CERTIFICATIONS

- AI Workforce Integration:** Proficient in using AI tools efficiently to accelerate development.
- AI App Development:** Built websites and applications using multi-modal AI technologies.
- Outskill Academy:** Student of Outskill Academy (by Vaibhav Sisinty).

## STRENGTHS

- Communication (Eng & Hindi)
- Public Speaking & Networking
- Team Collaboration
- Adaptability
- Problem Solving
- Cross-domain Curiosity

## LANGUAGES

English: Fluent  
Hindi: Fluent (More comfortable)

## INTERESTS

Meeting New People • Exploring New Fields • Technology & AI • Community Building
